Citizen Name / Ex. 6

Kalamazoo, Michigan 49007

Dear **Citizen Name / Ex. 6**

Thank you for your April 29, 2015 message to President Obama regarding the Allied Landfill portion of the Allied Paper/Portage Creek/Kalamazoo River Superfund Site in Kalamazoo, Michigan. The White House forwarded your letter to the U.S. Environmental Protection Agency for response.

EPA is currently evaluating a variety of cleanup alternatives for Allied Landfill. All of the cleanup options under consideration were developed to address the exposure risks posed by the PCBs at the landfill. EPA is confident that when a remedy is selected it will address all current and future threats from site contamination and will protect human health and the environment.

Again, thank you for your letter. If you have further questions, please contact Michael Berkoff, the Remedial Project Manager for Allied Landfill, at (312) 353-8983.

Sincerely,

Richard C. Karl, Director
Superfund Division
